

UVG SERIES

UV INSPECTION LIGHT

UVG3 TORCH Small, Light and Powerful for quick inspections.

UVG5 HEADLIGHT Compact, light and adjustable, frees your hands during inspections.

UVG3 and UVG5 make use of specialized filters that do **not suffer from solarization**. This means that the **intensity level does not deteriorate** over time and users do not need to replace filters. All units are available with a certificate of compliance for **ASTM E3022-15**.

UVG3 Midlight
≈ 8 000 $\mu\text{W}/\text{cm}^2$

UVG3 Floodlight
≈ 3 000 $\mu\text{W}/\text{cm}^2$

UVG5 Midlight
≈ 8 000 $\mu\text{W}/\text{cm}^2$

UVG5 Floodlight
≈ 3 000 $\mu\text{W}/\text{cm}^2$
